**Prof. Irini Tsamadou-Jacoberger**,  
Vice President for Europe  
and International Relations

Prof. Irini Tsamadou-Jacoberger | Vice President for Europe and International Relations

We are delighted to welcome you to the University of Strasbourg. You are arriving at an international and intercultural university, open to the world, with more than 10,000 international students from nearly 150 countries.

The University of Strasbourg offers you several welcome schemes to facilitate your arrival and to help you settle in Strasbourg. One of the most important examples is the peer mentoring scheme set up throughout the year. It is organised by the International Relations Department and the faculties and its aim is to help you succeed during your year.

This dynamic of the welcoming teams enabled the University of Strasbourg to obtain the "Bienvenue en France" label with three stars (the highest level) in July 2019. This national label, which is supervised and implemented by the International Relations Department, recognises the initiatives of our teams to support you before your arrival and throughout your stay in France.

Find our presentation video of this welcome guide at the following address:

→ [unistra.fr](http://unistra.fr) → International

The guide you have in your hands informs you about the steps to follow to integrate successfully into our university: visa and residence permit applications, registration, organisation of your courses and assessments, our practical student life advice, your **Departure checklist**, etc.

You will also find the contacts to answer your questions in the section "**Who to contact? Address book**". Take advantage of our welcoming actions set up as part of the Bienvenue en France label, and do so now (**I would like to request the support of a sponsor**).

And our welcome video on the University of Strasbourg's international page:

→ [unistra.fr](http://unistra.fr) → International

Don't know where to start? Follow the international student's detailed route in the summary or proceed by key words.

I hope that this guide will help you to prepare your arrival and to seize the great opportunities that our university offers you.

I wish you a pleasant arrival in Strasbourg.

## Confirm my admission

### 1 BEFORE YOUR ARRIVAL: VIA THE PLATFORM IN USE

#### ◆ If you are an independent international student:

remember to confirm your admission before your arrival via the platform in use ('eCandidate', 'Études en France') or in some cases by email or post.

#### ◆ You are an international mobility student:

your application is generally submitted on the Moveon platform (or another platform depending on the organisation of your school/faculty/institute), and 'Études en France' for non-European students from the countries concerned.

### 2 AS SOON AS YOU ARRIVE: AT YOUR HOST INSTITUTION

Even if you have a pre-registration letter, you are not yet truly registered. You must then confirm your registration with the administration as soon as you arrive.

#### TO CONFIRM YOUR ADMINISTRATIVE REGISTRATION, YOU WILL HAVE TO PAY:

#### important

If you are part of an international mobility programme (Erasmus+, Hors Erasmus+ or Eucor - The European Campus), you will pay neither the registration fee nor the CVEC.

Amounts of registration fees:

## Check that my French

### is good enough

The language level required may be different for students in the international mobility programme.

Please contact your **CORI** (Correspondent for International Relations) at the University of Strasbourg.

## Different types of visas

Your visa will depend on the length of your stay in France:

**If you stay less than 3 months in France: SHORT STAY STUDENT VISA**

Your visa may be marked:

- 'court séjour pour études' (short stay for studies) or
- 'étudiant concours' (student-in-competition)

depending on the nature of your stay.

**If you will be staying from 4 months to 1 year in France: LONG-STAY STUDENT VISA**

Your visa will either be a:

◆ **'visa long séjour valant titre de séjour - VLS-TS' (long-stay visa valid as a residence permit)**

The VLS-TS can be marked:

- 'étudiant pour des études au niveau licence, master et doctorat' (student for studies at Bachelor, Master and Doctorate level);
- 'passeport talent' (talent passport) for certain doctoral students;
- 'mention stagiaire' (trainee mention).

or a:

◆ **'visa long séjour temporaire - VLS-T' (temporary long-stay visa)**

The VLS-T mainly concerns students coming for a short training period (in particular in the framework of exchanges) and professional trainees. It is not renewable and does not give the same rights as a VLS-TS.

If you need a visa to come to France, you will have to prove that you have a minimum of €615/month.

**You will be able to prove this with:**

a scholarship certificate;

a standing order from your bank;

a proof of coverage by a guarantor in France.

→ 'Find a guarantor', page 15

### important

Ask for the **right visa** as you will not be able to modify it after your arrival in France.

### important

Remember to get a **personal health insurance** before your arrival as you will not be able to benefit from French health insurance.

## Look for accommodation

 → [adil67.org](http://adil67.org)

### important

The Crous accommodation is intended for students with a small budget. Space is therefore limited.

## Multi-risk home insurance

In France, it is compulsory to insure your accommodation. This insurance allows you to be covered in the event of damage in your home (water damage, theft, fire, etc.).

In order to be covered by Civil Liability insurance<sup>7</sup>, make sure it is included in your multi-risk home insurance policy.

You can take out insurance with your bank or a private insurer.

The cost is between €20 and €80 per year, depending on the additional cover chosen.

## Housing tax

As a tenant, you will have to pay two taxes: the housing tax and the audiovisual contribution. These taxes are annual and have to be paid at the same time. The audiovisual contribution, also known as the television licence fee, only has to be paid if you declare that you own a television.

In 2020, the 'taxe d'habitation' was abolished for 80% of homes.

Check whether you qualify for a partial or total exemption from this tax using the online simulator.

 Online simulator:

Receive your scholarship, salaries, Housing Benefit and reimbursement of medical expenses.

Obtain a credit card (used for most procedures and fee payments).

Obtain a 'relevé d'identité bancaire' - RIB (bank details) to pay your rent, bills or to be paid by bank transfer.

To open a bank account, you will need 3 documents

- an identity document;
- proof of address (telephone or electricity bill, etc.);
- a school certificate.

You will be able to open a bank account in any bank in France. In order to facilitate your steps, we invite you to:

- Ask your bank in your country of origin if it is associated with a French network;
- Find out about the different online banks (free bank card);
- Contact the 'Maison universitaire internationale' for a list of banks located near the Esplanade campus (main campus).

 Contact:  
[mui-info@unistra.fr](mailto:mui-info@unistra.fr)

Opening an account is generally free of charge but some services may be subject to a fee.

 All students have the right to open a bank account in France:  
→ [campusfrance.org](https://campusfrance.org)

## Familiarise myself with the campus

### Map of the University of Strasbourg

Check out the interactive campus map to help you find your way around the campus and find the resources you need. To simplify your travels, use the search function.

 The 'Map of Strasbourg', page 2, will also give you an overview of student life in the heart of Strasbourg (university restaurants, libraries, campus, etc.).

### Maison universitaire internationale

The 'Maison universitaire internationale' (MUI: International University House) is the emblematic place for the international welcome of the University of Strasbourg. Today, the MUI brings together the various central services of the university which welcome international visitors:

- the Erasmus+ Mobility centre, the non-Erasmus+ Mobility centre and the International Relations department's 'Bienvenue en France' centre;
- the Euraxess Centre of the Research and Development Department;
- the Office for the reception of international students of the University of Strasbourg and the migrant welcoming office;
- the cross-border university grouping office 'Eucor - The European Campus'.

### First application for a residence permit / validate your visa

- Most frequent case: you have a visa for a duration of 4 months to 1 year with the mention 'Étudiant' (Student) or 'Passeport Talent' (Talent Passport).
- If your visa has a duration of 3 months (Algerian students): you will have 2 months to apply for your residence permit at the 'Préfecture', as soon as you arrive in France.
- If you were a minor when you applied for your visa (mention 'mineur-scolarisé' school-going minor): you will have to apply for your residence permit 2 months before your majority, at the 'Préfecture'.
- If your visa bears the mention 'dispense de carte de séjour': you do not need to do anything.

You must confirm your 'visa long séjour valant titre de séjour - VLS-TS' (long-stay visa valid as a residence permit) online within 3 months of your arrival in France.

 Website of the General Directorate for Foreigners in France:  
→ [administration-etrangers-en-france.interieur.gouv.fr](http://administration-etrangers-en-france.interieur.gouv.fr)

You will need your passport, a permanent address in France and a credit card to pay the tax stamp. To complete the validation, you will also have to pay an issuing fee which can be paid online:

 → [timbres.impots.gouv.fr](http://timbres.impots.gouv.fr)

or at a tobacconist's (electronic tax stamp, 'Titre pour étrangers').

Remember to keep the confirmation sent to you in PDF format following your validation. You may be asked for this document during your administrative procedures.

### Renewing your residence permit

The application to renew your residence permit is now paperless.

3 months before the end of the validity of your VLS-TS (long-stay visa valid as a residence permit) or your residence permit, you must submit your application directly online:

 <http://administration-etrangers-en-france.interieur.gouv.fr/>

Thanks to this procedure:

- You no longer have to make an appointment at the prefecture or travel to ensure that your application is submitted;
- You can submit your renewal application from your smartphone, iPad or computer;
- You can check the status of your application at any time from your online account;
- You will only have to go to the prefecture in person when you receive your residence permit.

Please note that if you apply for the renewal of your residence permit after the deadline, you will have to pay a fee of €180 (except in cases of force majeure or presentation of a valid visa).

## Take care of my health

In France, there are two organisations that complement each other to **cover the majority of your health expenses**:

One is free and compulsory: health insurance

The other you have to pay for and is optional: the complementary health insurance

At your expense

Don't get lost in translation

EHIC

European Health Insurance Card. This card is free and valid between 6 months and 5 years depending on your country.

## Health insurance

Subscription to health insurance (social security) is compulsory and free and can be applied for online at: [etudiant-etranger.ameli.fr](http://etudiant-etranger.ameli.fr). You must have finalised your registration at the university to register.

You will have to advance your medical expenses for the first few months. Don't panic, refunds are retroactive to your date of registration at the university.

 How to register with the French Social Security?  
→ [Health insurance tutorial](#)

### ◆ If you are a student from an EEA (European Economic Area) country or Switzerland:

you do not have to register for health insurance and must apply for the European Health Insurance Card (EHIC) from the social protection body in your home country.

 Consult the period of validity by country of issue:  
→ [cleiss.fr](http://cleiss.fr)  
→ Venir en France → Etudes

### ◆ If you are doing an internship:

you will not be able to register for health insurance since you will not be registered at university. The same applies to students **over the age of 28**. You will then have to take out personal insurance.

### ◆ If you are from Québec and you are part of an international mobility:

you will not have to register for health insurance if you present forms SE 401-Q-102 bis or SE 401-Q-106 when you register at the university.

## Complementary health insurance

List of mutual insurance companies in Strasbourg: → [mutualite.fr](http://mutualite.fr) → Services → Particuliers → Trouver une mutuelle

Subscription to a complementary health insurance company is not mandatory but will enable you to be reimbursed for the rest of the costs not covered by the health insurance. You will have to pay for this subscription.

You can choose the complementary health insurance of the CPAM (Caisse primaire d'assurance maladie) or a student complementary health insurance (LMDE, SMEREP, MGEL, etc.).

## Courses and evaluation

### Organisation of the courses

Courses are organised by semesters and modules called 'Unités d'Enseignement - UE' (Teaching Units). You will have to obtain **30 ECTS** credits of courses per semester, i.e. 60 ECTS credits for one year. These credits are associated with obtaining a UE.

**ECTS credits**  
 The term ECTS means European Credits Transfer System in English, or 'Système européen de transfert et d'accumulation de crédits' in French.

## Grading system

- Students are graded out of 20 points: 0/20 is the worst grade, and 20/20 is the best. The minimum grade to pass an exam is 10/20.
- If you have less than 10/20, you can do a retake.

You can be **assessed continuously** throughout the year and/or in **final exams** (at the end of each semester).

To find out about your evaluation system, please refer to the examination rules (MECC) published by your faculty/school/institute. In general, Bachelor's courses evaluate you continuously throughout the year and Master's courses in final exams.

If you have a valid excuse, you may be allowed to participate in substitute examinations, which are usually held several weeks after the end of the semester.

The information in the 'Résultats d'examens' section, (Examination results) accessible on your Ernest digital work environment, is displayed for information purposes only. Only the transcripts sent by the school's tuition department are authentic.
